FAX: 856-829-9638

Geneva R. Moore
Business Administrator
Board Secretary

September 7, 2010

Dear Parent, Students and Staff,

In our efforts to comply with Federal and State requirements regarding asbestos management; and to ensure a safe learning environment for the patrons of Palmyra School system, please be advised that all district facilities contain varying amounts of known asbestos-containing materials.

The district employs the services of a professional asbestos management firm who has completed a study to determine the presence, location and quantity of asbestos-containing materials in all district facilities. The facilities have been recently re-inspected in accordance with the Environmental Protection Agency guidelines for asbestos-containing materials and this study, as well as all historic data regarding asbestos, is available for your review in the main office of each facility.

Palmyra Schools is committed to providing safe schools for all students and employees in our district and we thank you for your attention to this important issue.

Sincerely,

Geneva R. Moore
Business Administrator/Board Secretary

ASBESTOS NOTIFICATION

In compliance with the Environmental Protection Agency's Asbestos Hazard Emergency Response Act (AHERA) the Palmyra Board of Education wishes to notify you of the following:

This notification represents the annual notification regarding asbestos-containing materials in schools. Several asbestos abatement projects have taken place in various schools throughout the system, each in strict compliance with the above regulations. Periodic surveillance and other preventative measures are also ongoing. These actions have been documented and placed into the Asbestos Management Plan.

You may view a copy of the Management Plan by contacting the school principal. If you have any questions about the Management Plan, you may contact your school or Mr. Sam Bello, the asbestos-designated person for the Palmyra School Board at 856-786-2972.
